In cooperation with the U.S. Consumer Product Safety Commission, Zwilling J.A. Henckels is conducting a voluntary safety recall of certain ZWILLING's ENFINIGY Pro electric kettle (1.5 l) models due to the potential for the handle to loosen or break off. This could lead to accidents or injuries (such as scalding) if hot water spills out uncontrollably.

Please stop using the affected kettles immediately and initiate a return at [zwillingkettlerecall.expertinquiry.com](http://zwillingkettlerecall.expertinquiry.com). Do not discard the item until the return process is completed.
